VOL. V. EDMONTON, SATURDAY, JULY 25, 1914 No. 176

G.T.P. AB TO OPEN LAND OF ENORMOUS WEALTH

Line Will Command Territory 1,000 by 600 Miles—Great Natural Resources.

HUBERT COMING CITY OF BULKLEY VALLEY

Branch Must Be Built From There Through Copper River District.

"The beginning of passenger train service by the Grand Trunk Pacific railway between the two coming great cities—Fort George and Prince Rupert—will mean the opening of a new era of progress for a country 600 miles east and west and 1,000 miles north and south. I see by the Capital that the railway is figuring on running regular trains there three times a week beginning next month, and I am sure that before long there will be a train running every day, and soon after that even faster."

In such words did J. L. Simpson, who was registered at the Royal George hotel, speak a reporter last night, after reading the news that the last link in the G.T.P. was to have regular trains connecting Edmonton with the Pacific coast directly. Mr. Simpson has spent the spring and summer in the district through which the G.T.P. runs, west of Fort George, mostly at and near the town of Hubert, in the rich valley of the river of that name.

"No doubt," he continued, "Edmonton's trade sphere will be considerably added to when this territory is opened up. As you are the only large city having direct rail connections with that rich and immense country you ought to receive the greatest benefits therefrom. Your competitors for the present are Prince Rupert and Fort George, both new G.T.P. cities."

Hubert has advantages. "There will be other large cities, however, along the 1,000 miles of track between here and the coast. The new town of Hubert, which is a town yet but will soon become a city, will, for instance, dominate the famous Bulkley valley, about which you in Edmonton have no doubt learned. It's ideal location as a trade center guarantees it to be a picture of picturesque surroundings and practical townsite facilities Hubert would be hard to beat. It is on the south side of the Bulkley river at its junction with the Copper river; with the Telkwa, Babine and other mountain rivers rising majestically in the distance. No better scenery is to be found anywhere in British Columbia."

The same condition exists there as at other new railway towns. The business men of the old settlements at Telkwa and Aldermere told me that they would move to the new city as soon as trains begin running, for the simple reason that both the towns are in the opposite side of the Bulkley river, while at Hubert there is a fine new station and two side-tracks, which make tracks for the new city as soon as trains begin running. In the case of Hubert it is all the more important because the government has built a bridge across the river, thus making the trade of the whole north country to the south."

Resources are Great. "Hundreds of thousands of acres of excellent agricultural and grazing lands surround Hubert on three sides—enough to support thousands of farmers in comfort and even luxury. Marked by the trains from Edmonton and Prince Rupert—both thousands more will come. The soil there will grow anything common to the temperate zone."

But the biggest profits are in the stock and I believe Hubert will become a great live stock and packing center for the oil and natural gas fields at the north, but that district has yet to be opened up by the mines. Entrepreneurs who have examined the same lands and the formations claim that it will prove a vast treasure house of wealth."

Met Build Branch. "The Telkwa mountains have been more thoroughly prospected than have been, but owing to lack of transportation facilities there has as yet been very little development. There again will have the importance of train service in coming to you—as soon as trains begin running through Hubert, the center of the district, the whole country will become a live of mining, as well as agricultural industry. Then there is the Copper River valley, which

(Continued on Page Three.)

EDMONTON GIRLS AS BASEBALL PLAYERS.

The "Oltian" girls' baseball team, shown in the accompanying picture, will play a matched game with the "Glenora" boys' team at St. Albert on Monday. Both teams belong to the Metropolitan Methodist Sunday school and will represent two of the new movement of organized classes.

The "Oltian" girls have been practicing for the past month on the south side of the Bulkley river with a view to playing a series of games with other girls' baseball teams. They are now in communication with several teams, and in the near future expect to announce a series of games to be played either at the south side athletic grounds or Diamond Park.

The line-up of the team is as follows: Miss Verna Merrill, pitcher; Miss Mary Hanson, short-stop; Miss Pearl McCaig, center-field; Miss Myrtle Merrill, catcher; Miss Lucile Laitner, first base; Miss Gladys Thurston, left-field; Miss Winnie McKelrick, right-field; Miss Beryl Weston, second base; Miss Evelyn Elliott, third base.

The "Oltian" girls have been practicing with regulation baseballs and bats, and on regulation grounds, and expect that visiting teams will be amenable to playing under these conditions.

For pictures and practical townsite facilities Hubert would be hard to beat. It is on the south side of the Bulkley river at its junction with the Copper river; with the Telkwa, Babine and other mountain rivers rising majestically in the distance. No better scenery is to be found anywhere in British Columbia."

The same condition exists there as at other new railway towns. The business men of the old settlements at Telkwa and Aldermere told me that they would move to the new city as soon as trains begin running, for the simple reason that both the towns are in the opposite side of the Bulkley river, while at Hubert there is a fine new station and two side-tracks, which make tracks for the new city as soon as trains begin running. In the case of Hubert it is all the more important because the government has built a bridge across the river, thus making the trade of the whole north country to the south."

Resources are Great. "Hundreds of thousands of acres of excellent agricultural and grazing lands surround Hubert on three sides—enough to support thousands of farmers in comfort and even luxury. ARMIES OF BOTH RUSSIA AND AUSTRIA ARE MOBILIZING

Vienna, July 25.—A message from Belgrade says orders for the mobilization of the Russian army were given at 3 o'clock this afternoon. The King of Serbia, with his court and the garrison are leaving the Serbian capital.

Cetinje, July 25.—Austrian troops were on the move today in the vicinity of Ragusa, Dalmatia, and twenty-two Austrian warships had assembled in the Bay of Cattaro. Official circles here interpreted these movements as meaning that if Austria went to war with Serbia she would attempt to seize Mount Lovcen, overlooking Cattaro.

Vienna, July 25.—Shortly before 8 o'clock the Austro-Hungarian minister at Belgrade presented a note to the Serbian foreign office saying the Serbian reply was unsatisfactory. The Austro-Hungarian minister and the staff of the Legation then left Belgrade.

To Commemorate Massacre. Winnipeg, July 25.—Archbishop Langrin of St. Boniface, has given orders that a chapel be constructed at Fort St. Charles, Minn., on the spot where, 175 years ago, Rev. Father Aubert and 19 companions, were massacred by the Indians. A few weeks ago Archbishop Langrin visited the spot and there held mass.

"I never saw as good crops at this season any place or in any other time. It is undoubtedly the finest summer resort that I have seen in Alberta and many people are spending this summer there. Fish? No, they can't live in the water, which is mineral. The lake is about one mile from the shore."

Miles told about a picnic the Oddfellows of Minburn, Vermont, in the lake and the lake was a most enjoyable affair. The lake is about one mile from the shore. Miles told about a picnic the Oddfellows of Minburn, Vermont, in the lake and the lake was a most enjoyable affair.

EDMONTON FAIR OFFICE OPEN ON CIVIC HOLIDAY

Entries in All Classes Pour in and Final Ones Expected Monday.

Grounds Present Busy Picture These Days. Indications Point to Big Event Being Better Than Ever Before.

Entries are pouring into the Edmonton exhibition office early and late—evidence that the exhibition spirit is again abroad. Classes included in the prize list and classes new and unheard of are in demand. Every one who exhibits everywhere wants to attend; everyone is anxious to have a share in making the exhibition of 1914 a success.

It is safe to say that the exhibition pennant is the most popular and sought-for article in Edmonton today. If this city possesses as many devoted good crops of wheat, oats and barley as oil producers.

"There's another thing worth while we have down there—Buck lake itself. It has a fine, hard, sand beach and you can wade out into it for a long time. It is undoubtedly the finest summer resort that I have seen in Alberta and many people are spending this summer there. Fish? No, they can't live in the water, which is mineral. The lake is about one mile from the shore."

Miles told about a picnic the Oddfellows of Minburn, Vermont, in the lake and the lake was a most enjoyable affair. The lake is about one mile from the shore. Miles told about a picnic the Oddfellows of Minburn, Vermont, in the lake and the lake was a most enjoyable affair.

UNITED AIDS HAS UNIQUE SCHEME TO RELIEVE DISTRESS

To Publish a Book in Interest of Charity Called "Edmonton in 1914."

TO RAISE A FUND TO FIGHT POVERTY HERE

Continued Unemployment fore-shadows Need in Coming Winter Months.

A unique means of raising a fund, which will be used to partly eliminate the conditions of poverty existing in Edmonton, has been launched by the council of the United Aids society and everything points to a successful termination. In former years the United Aids has raised such funds as their needs required through the usual channel of appealing direct to public sentiment. They are now devoting a book in the interests of charity which will be called "Edmonton in 1914."

The book will be bound in heavy cloth cover and will be published on the first of August. The opening pages will contain a history of the city of Edmonton which will be followed by a history of the United Aids society with a review of its work and aims. This in turn will be followed by pictures and biographical sketches of the provincial and civic administrations. The book will also contain pictures and sketches of the individuals and business houses throughout the city who will support this charitable movement.

The book will be edited by Industrial Commissioner George M. Hall and will be printed by the Federal Press of Edmonton. Following publication, the book will be offered for sale to the public while several hundred copies will be placed in the hands of Mr. Hall, for distribution.

By this means the United Aids hope to raise an adequate fund to handle the many cases of distress brought to their notice, both in Edmonton and the surrounding district. The continued shortage of employment has been a year foreboding even greater distress in the coming winter months than the society had to cope with last winter, and the fund will be more than welcome.

Through canvass of the city will be made by the representatives of the society and the hearty support of the citizens of the city is being secured. The solicitors are already in the field and during the first day of the campaign, have met with great success. The society takes this means to thank those who have made possible by their contributions, the great campaign of work done in the past, and to call upon those who are desirous of helping the cause for their support for the present unique proposition.

This paper will publish lists of the contributors with the amounts. The society further wishes it known that contributions can be mailed direct to the office of the United Aids, 225 Jasper avenue east, and will be immediately acknowledged by the secretary.

STANDARD FEDERAL GRADES FOR GRAIN THROUGHOUT STATES

Washington, July 25.—Establishment of standard federal grades, to which all grain sold in interstate and foreign commerce under government certificates would be required to conform, is proposed in the Moss bill, which has been favorably reported by the house by the agricultural committee. The secretary of agriculture would be authorized to establish standards and he would issue licenses to inspectors. The bill contemplates eliminating differences between expert and domestic grades of the same quality but is not deemed to affect the shipment of grain in bond.

Bodies Are Recovered. Port Huron, Mich., July 25.—The bodies of both Irving Ferry and Jack McPhail, the young Londoners who were drowned here last Sunday when their canoe upset, were washed ashore yesterday. Ferry's remains were taken down off Orchard beach yesterday morning, while the body of McPhail was located in the same vicinity late yesterday afternoon.

(Continued on Page Three.)

Declares he is Willing to Meet Miller, et al —Feels That a Few Hours of Conversation Would be a Delightful Recreation —Clarke Wants Booth and Harrison to Change Positions.

The meeting at the McDougall Methodist church last night and the action of that gathering was freely discussed in the city hall this morning and comment was general. When asked what he thought of the action taken by the meeting Mayor McNamara said: "I hope they will now see the benefit of the recall as provided in our proposed city charter. Instead of holding a hole-in-the-corner meeting in a church, in order to induce me to resign, they would only have to get a petition signed by 25 per cent. of the electors in the last election and I would be compelled to resign. No doubt they will all now be in favor of the new charter."

"I shall be delighted to hold conference with Miller, et al, to discuss resignation. These people are so overflowing with good humor and friendly fellowship that a few hours' conversation on such matters would be a delightful recreation for me after a strenuous day in the city hall."

Altham Joseph A. Clarke this morning filed in the office of the city clerk a notice that at the next meeting of the city council he would offer a resolution demanding that Commissioner Booth be removed from the duties of commissioner of health and safety to those of commissioner of parks and markets, and that the duties now devolving upon him be transferred to Commissioner Harrison. The resolution follows:

"That from and after the passing of this resolution, Commissioner A. G. Harrison, up till the present acting as commissioner of parks and markets, be transferred, designated and given control of the department of health and safety, and that the present occupant of the position of commissioner of health and safety, M. S. Booth, be transferred and employed during the pleasure of this council in the position of commissioner of parks and markets."

NATURAL WEALTH OF OWN DISTRICT IS BIG SURPRISE COUNCIL DISCUSSES TERMS FRANCHISE TRAMWAYS, LIMITED

Edmonton Business Men Examine Property of Oil Manufacturing Concern, Agreement Considered Clause by Clause and Work is Half Completed.

FINISHED ARTICLES NOW ON EXHIBITION INTERESTS OF CITY ARE WELL PROTECTED

Will Be Shown to Visitors at Midsummer Fair to Build Refinery. City Reserves the Right to take Over Line to Nanawo Within Period of 25 Years.

It was an optimistic group of men that came into the city last night in these automobiles from a trip to the district west of Millet, where the holdings of the Traders' Oil and Manufacturing company are located—optimistic and agreeably surprised at the natural wealth of the land which is but waiting to be developed in the Edmonton district.

The party went down to see for themselves the lands from which are taken the oil by-products which have been made by Mr. Channell, president and manager of the company, and which may be seen in the window of 115 Jasper avenue east. They will also be on view at the Edmonton exhibition next month, the company having only yesterday secured a booth for the purpose of displaying them.

L. Aremann, the well-known broker, has some samples of the oil sands in his office in the C. P. R. block, and although he does not claim to be an oil expert, he states that he cannot believe that there is not something of great value in them, which he will show to anyone interested.

W. B. Ferguson, another of the visitors, states that he never saw anything exposed on the surface any place as good as that in the C. P. R. block, and he is more than satisfied with what he saw, as are every one making the trip.

Oliver M. Smith, one of the company's directors and Mr. Channell, have both travelled the province, they claim, from Quebec to Abasaba, and they chose the district where the Traders' Oil and Manufacturing company now has its holdings in preference to anything else. They were in the province over a year before the Dingman strike was reported.

(Continued on Page Three.)

more efficient service can be secured if the said department is placed under an independent police commission, we therefore request the city council of

administration. He referred also to another house that ran on Fraser avenue during all of 1912. "Everybody knows of gambling in 1911 except Biggar and Scott," he declared.

Mrs. Carstairs, as a detective, reported in three weeks time that 23

action meets with approval. The relations between Serbia and Austria were felt to have become intolerable. The attitude of Serbia toward Austria since Serbia's success

his morning, while the shadow of a permanent conflict hangs over affairs.

The situation becomes immensely more serious by the entrance of Germany and Russia into the Austro-Serbian

decision Serbia is willing to defer.

Another cabinet council will be held under the presidency of Emperor Nicholas before a final decision in the premises is taken.

Another cabinet council will be held under the presidency of Emperor Nicholas before a final decision in the premises is taken.

HON. J. R. BOYLE IS HOST TO TEACHERS AT LAKE WABAMUN

Students of Summer Training
School Have Enjoyable Out-
ing to Popular Resort.

HIGH TRIBUTE PAID TO PROFESSIONAL SPIRIT

Motor Boat Trips Across Lake,
Nature Study, Swimming
Make Everybody Happy

As high a professional spirit is to be found among the members of the teaching profession in Alberta, as among the teachers of any other province of the dominion, declared the Hon. John R. Boyle, minister of education, speaking to the teachers of the province in attendance at the summer school now being held at the university, on the occasion of their annual picnic to Wabamun yesterday. Mr. Boyle paid a compliment to the high standard of service rendered by the teachers in the public and high schools of the province and said that it augured well for the future standing of education in the province that the teachers showed such readiness to improve their qualifications and to keep abreast of educational developments, as they had indicated by their attendance at the summer school.

Expect 300 in 1915.

One hundred and eighty teachers and instructors are in attendance at the school this year, as compared with about 75 last year, and next year, Mr. Boyle stated, he looked forward to seeing 300 Alberta teachers taking the summer training course.

The Hon. J. R. Boyle, Mr. Boyle, Mr. Boyle and Miss Ethel Boyle, were "at home" to the teachers attending the summer school at their summer cottage at Lake Wabamun yesterday. About 150 availed themselves of the opportunity afforded by the special train which left the Grand Trunk depot at 12.30 and arrived at Wabamun shortly after two. The party alighted at Wabamun beach and took the shady path through the woods to the cottage of the minister of education, overlooking the fine expanse of lake. Here a light luncheon was served, the guests being invited to take full possession of the house and surroundings. After luncheon, hunting for nature study specimens, bathing and other pursuits were indulged in till 4 o'clock, when the party embarked in motor boats and crossed the lake to the Bennett farm. The weather was ideal and the lake was like a sheet of silver. The coal mine and fishing station was observed on the way over. Mr. Bennett has an exceptionally fine garden which proved of considerable interest to the teachers. In view of their studies in nature study and horticulture. Here, also, refreshments, in the form of lemonade, fresh strawberries and raspberries were waiting, and also bouquets of flowers.

Dinner and Speeches.

The party then returned to Wabamun and an excellent dinner was partaken of in the pavilion. Mr. Dixon led the caterers.

After dinner the Hon. J. R. Boyle expressed the pleasure that it had given him to receive the teachers at the lake, and spoke of the good fortune that had favored them in regard to the weather. A vote of thanks to Mr. and Mrs. Boyle and the Misses Boyle, by Dr. Miller, seconded by Mr. Carpenter, superintendent of schools, was received.

A number of other summer residents assisted at the luncheon, including Mr. and Mrs. Philp, Miss Ethel Philp, Miss Loozy, Mrs. Bates, Mr. Harner and Mrs. Gould.

The early arrival back in the city about 11 o'clock and were taken over to the university in special cars.

STREET CAR STRIKE AT ST. JOHN, N.B., SETTLED LAST NIGHT

St. John, N.B., July 25.—The street railway strike was ended by the signing of an agreement at 10 o'clock last night. The men are to return to work today.

By the agreement all of the discharged employees are to be reinstated except Frederick Ramsay, who was president of the union, and over whose case the strike was originated. Eleven other men were dismissed and of these nine are to return to work at once, and the cases of the other two will be taken in advisement.

Early in the evening some trouble resulted when the operation of street cars was resumed. Stones were thrown through several cars and MacLean rode in the first that went out. A car was stoned at the head of King street and the motorman dropped his controller and the car rounded the corner running wild and rushed down King street until the conductor ran through the car and got it under control. Stones were also thrown through the windows of cars at the foot of King street.

At 10 o'clock the service was stopped and this was soon followed by announcement of a settlement.

JURY BELIEVES COMPANY BROKE THE MINES' ACT

Lethbridge, July 25.—The verdict of the concluded inquest on the victims of the Hillicrest mine disaster is that death was occasioned by an explosion caused by gas and dust.

The jury added a rider that they believed the company had infringed the mines' act. They further suggested that the government should enforce a monthly inspection of all men working in mines to see that they are properly carried, further that a sufficient number of life saving apparatus be kept at or near the mouth of the mine as possible.

NATURAL WEALTH OF OWN DISTRICT IS BIG SURPRISE

oil from the ground in pipes—both from their own property and probably from other properties. At the refinery they will be able to produce from the crude oil, such valuable and finished articles as gasoline, coal oil, kerosene, wax and all the by-products of crude oil. Naptha used for making all kinds of paint, dye works, cleaning, etc. Mr. Channell has already made some samples of different colors from the material and has them on view.

Everybody can see the products at the refinery east, or at the company's booth on the exhibition next month.

Besides those already mentioned, the following were among the ones in the party which inspected the property yesterday: E. H. and J. H. Moland, A. Solberg, C. M. Jamieson, John Cameron, L. W. Hall, C. H. Wells, C. A. Matheson, W. R. Ferguson and newspaper representatives.

G. T. P. ABOUT TO OPEN UP LAND OF ENORMOUS WEALTH

south, where also considerable development work will be done as soon as freight service is given. The coal measures in this rich valley are among the finest in this continent. A branch railway must be built into the Copper River valley from Hubert very soon, as there is an enormous amount of tonnage waiting for it.

"I am sure the members of your board of trade, who I believe will run an excursion to Prince Rupert this summer or fall, will see something to make the trip worth while—perhaps something that will agreeably surprise even the most optimistic and far-sighted business men of this great city."

Lightning Causes Fire.

Winifred, July 25.—Kreicht's furniture factory on Henry avenue, was struck by lightning during yesterday afternoon storm which resulted in \$46,000 damage was done to the stock and building.

KIDNEY DISEASE CURED BY "FRUIT-A-TIVES"

Father And Son Both Owe Their Good Health To The
Healing Qualities Of The Only Medicine In
The World Made Of Fruit Juices.

H. DORLAND, ESQ.

Bronte, Ont., Oct. 31st, 1913.

"For about 4 years, I was troubled with Lame Back brought on by Kidney and Bladder Trouble. I was never confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies that did not do me any good. I saw 'Fruit-a-tives' advertised and decided to try them. They did me more good than any other remedy. I would advise anyone suffering from Kidney or Bladder Trouble, to use 'Fruit-a-tives'."

H. DORLAND.

"Fruit-a-tives" acts directly on the kidneys and bladder, relieving inflammation and stopping the pain. But it does more. It prevents the formation of an excess of uric acid, by restoring the Kidneys, Bowels and Skin to healthy action. When these three great eliminating organs of the body are working in harmony, there can be no uric acid to poison the blood and irritate the nerves. 'Fruit-a-tives' sweetens the stomach, regulates the bowels, clears the skin and cures every trace of Backache, Kidney Trouble, Rheumatism, Sciatica, Lumbago, Neuralgia and Chronic Headache.

Box 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

SPECIAL TRIP UP RIVER ON STEAMER CITY OF EDMONTON

The steamer "City of Edmonton" will make a special trip up the river on Monday, to the Island, leaving the low level bridge at 9.30 in the morning and arriving back at 6 in the evening. The orchestra will be on board and dancing will be indulged in. Light refreshments can be had on board, but the food for the trip are invited to bring their luncheon baskets.

SHEEP GRAZING IN SOUTHERN ALBERTA AGAIN PERMITTED

Ottawa, June 25.—At the instance of the minister of the interior, orders in council passed in 1884 and 1894 prohibiting the grazing of sheep in certain portions of southern Alberta have been rescinded, the reason being that they conflict with the regulations issued on February 15, 1914, whereby leases may be granted to sheep owners. The district affected is bounded on the west by the Belly and St. Mary's river, on the north by the St. Mary's river, on the east by the Peace river and on the south by the international boundary line.

Germany imports envelope-sealing machines from America.

EDMONTON FAIR OFFICE OPEN ON CIVIC HOLIDAY

(Continued.)

men at work on the new building rears at the walls of Edmonton homes have been loaned for exhibition in the art department of the exhibition. Art lovers will find a fine collection of pictures from the four corners of the earth and are assured pleasure for many hours in this collection alone.

The arts and crafts exhibit has grown from year to year until it has now become one of the most popular features of the fair. This year's prize list includes 25 classes for competition, and entries in this section are heavy.

The grounds of the civic pavilion will be utilized by the Edmonton Consumers' League as a general clearing house of ideas as to the best way to reduce the cost of living and at the same time give justice to the producer. The United Farmers of Alberta will have their tent on the grounds as usual, which will make a convenient rendezvous for farmers of the province.

Entries close on Monday, and the fair will be open all day to receive the final entries.

Oil Men in City.

Cunningham-Craig, British Geologist, who has been in the limelight at Calgary during recent months, and who has been in the Calgary field and in the P. McMurtry district, are in Edmonton today. They will probably look over this district extensively.

LARGE CROWD FOR LAKE WABAMUN ON GRIPMEN'S PICNIC

Grand Parade Through Principal Thoroughfares Tonight—Two Superb Bands.

SPECIAL TRAIN OVER G.T.P. LEAVES 9 A.M.

Ball Game, Tug-o-War and Other Enjoyable Events on Program.

Over 2,000 people are expected to be themselves to Wabamun on Monday, when the Edmonton council of the United Commercial Travelers will hold their annual grip-less outing at that popular resort. A special train will leave the union depot over the Grand Trunk Pacific at 9 a.m., and return in the evening.

Special preparations have been made by the travellers and the people of Wabamun to make Monday the biggest day that the lake has ever seen. Grounds and pavilion are ready for the big ball game and other numerous events, and there are lots of boats and other facilities to afford an ultra-enjoyable time for everybody.

Tonight at 8 o'clock a grand parade takes place. Starting at Fourth street the line will proceed along Jasper and through the principal streets of the city. This parade will be one tending to drive away blues and other diseases. It will be headed by the Piper's band, and the Travellers' band will also take part; that is, they will take part of the harmony away from the other band. Some of the travellers will be dressed up in light suits in special costumes.

Tomorrow at the lake a large number of the usual picnic events will take place. There are open events, such as dachas, three-legged races, jacket and donkey races, backward races, and other novelty races. Among the special events for green men only is the fat men's race, for puny men weighing 200 pounds or over.

There are a variety of prizes offered for ladies under 16, another lot for boys under 15, and still different events; some ladies' events, and some open to members of the U.C.T. in good standing.

Special events will take place, as follows: Stoutest man on the grounds, largest family on the grounds, prize, \$100. Royal Household flour, tug-of-war and ball game, awarded to some simple men in both cases; Indian pug or saw race; farmers' horse race, and the King Edward hotel cup will be awarded to the one having the grand aggregate of prizes.

A dancing pavilion is on the grounds, and Collins' orchestra will furnish music. All that is needed to insure success is the weather—and that is promised.

C. N. TRUST DEED FILED IN OFFICE STATE SECRETARY

Railway is Thereby Empowered to Float \$45,000,000 Guaranteed Bonds

Interesting Clause Deals With Taking Over Company in Case of Default.

Ottawa, July 25.—The Canadian Northern Trust deed, by which the company is empowered under certain conditions to go upon the market and float \$45,000,000 of dominion-guaranteed bonds, has just been filed in the office of the secretary of state. The clause of chief interest is that which deals with the taking over of the company in case of default of the provision of the government and payment of interest. That clause reads as follows:

"The company covenants that it will at any time, after the security hereby constituted shall become enforceable, and notwithstanding any waiver of any previous event of default, or any delay or omission of the trustees, or of any holders of guaranteed securities to exercise any right or power accruing upon any default, forthwith, upon demand, deliver and surrender to the trustees or to any receivers appointed by virtue hereof or by any court of law fully exercising jurisdiction over the whole of the mortgaged premises, or such part or parts thereof from time to time as may be required in any such demand or subject to any judgment or order of any such court."

Fifteen days' notice must be given to the government in the event of the company finding itself unable to pay the interest on its bonds. In case of default the government can, without the consent of the bondholders, waive its right to enforce security but unless the government fulfills its guarantee, the trustees are at liberty to petition the bondholders, regardless of the government's waiver.

The deed is signed by Hon. W. T. White, minister of finance, by Sir William Mackenzie and H. P. Ormby, on behalf both of the Canadian Northern and Mackenzie and Mann, limited.

P. H. Phippen, attorney for the British Empire Trust company, and E. R. Wood and W. Rumble, general manager of the National Trust company.

Large Funeral Yesterday.

The funeral of Rev. T. Ernest Knudson, pastor of the Scandinavian Lutheran church, was held in that church yesterday afternoon, when a large number of the pastors of the city were present. His body is being shipped to his home at Jewell, Iowa, today.

FRATERNAL NEWS AND NOTES

The Daughters and Males of England, south side, will take a trip down the river on Wednesday next. The one held by this society a few weeks ago was a most enjoyable affair, and many have requested that another be held. Any who wish to spend an enjoyable evening are invited. The boat will leave the low level bridge at 8 p.m. Tickets may be obtained from Mrs. Hill, 155 Whyte avenue east.

The second and third degrees were exemplified by the degree team of Nanyo lodge, No. 47, I.O.O.F., on Monday last.

Strathcona R.B.P., No. 654, will hold a regular meeting in their entertainment room in the Grange hall, south side, on Tuesday evening, at 8 o'clock. Visitors are cordially welcome to attend.

Nanyo lodge, No. 47, I.O.O.F., will hold regular session on Monday evening, as usual, notwithstanding the holiday, but no degree will be conferred.

Jewel Rebekah lodge, No. 25, will have degree practice in the J. O. F. hall, Norwood boulevard, on Wednesday evening, at 8 p.m. sharp. A good attendance is requested.

The members of the Pride of the West lodge, I.O.O.F., held an informal social in the Blue Moon Tea rooms on Thursday evening. After a dainty repast of ice cream and cake had been served under the capable supervision of Sister Josie Dow, an excellent program was rendered by Sisters Dow, Yule, Nainling and Brothers Alexander, Stewart and Hodder. The most unique item on the program, however, was a recitation by Master Douglas Robertson, which delighted the audience immensely.

NOTICE

Notice is hereby given that, under the provisions of an Act respecting Insurance Companies in the Province of Alberta, the Ladies of the Maccabees of the World has been licensed to do Fraternal Beneficiary Insurance business in the Province of Alberta under Certificate of License No. 52.

Dated at Edmonton, this 4th day of July, 1914.

CHURCH NOTES

M. W. Harlow, B.A., who has just returned from the Y.M.C.A. students' annual conference at Lumsden Beach, Sask., will speak at the men's meeting on Sunday at 4:45 p.m., at the I.O.U.B. Y.M.C.A. on "The Importance of Bible Study." All men are cordially invited and a good attendance is expected.

"Christ's Goodwill" will be the subject at the brotherhood meeting, First Baptist church, Sunday, at 3 p.m. Professor E. W. Sheldon, of the university, will lead the discussion. The meeting is open to all men.

At the local headquarters of the International Bible Students' Association, 927 Jasper avenue, at 7:30 p.m., tomorrow, J. B. Williams will deliver a discourse on the theme, "Justification by Faith, the basis of God's dealing with the faithful at heart prior to the attainment of perfection by the world of mankind during the coming times of restitution."

Both services in Erskine Presbyterian church on Sunday will be conducted by the pastor, Rev. J. E. Dyer. Morning service, "The Lamb of God," evening subject, "Christ's almsgiving to nature." Strangers are welcome.

The quarterly union meeting of the W.M.S. held at the Highlands church on Tuesday, was one of the best yet held in the five years since these sessions were begun. Mrs. Coone ably filled the chair. The address of the Rev. R. Buchanan was to the point, a Bible reading on "Christian Stewardship," earnest and practical. Mrs. W. M. Leonard's letter from West Canada, read all in its appeal for deeper interest and larger thought and prayer. A pleasant social hour was spent.

At St. Mark's Anglican church, corner of Churchill avenue and 111th street, services for Sunday will be as follows: Morning prayer at 11 o'clock, preacher, G. W. Jones, by reader, in charge; children's service, to which the parents are invited, at 3 p.m., address by Arthur Williamson, lay reader, at St. Paul's church, evening service at 7 o'clock, preacher, Rev. Williamson, lay reader. Everyone is heartily welcomed.

The services on Sunday in Westminster Presbyterian church, corner of Albert and 29th, will be conducted by the Rev. P. W. Roxburgh. The services will begin at 11 a.m. and 7:30 p.m.

The subject of the lecture tomorrow at 8 p.m., at the New Temple, Temple, 101 Rice street, will be "Modern Science and the Spirit World."

Rev. T. A. Broadfoot, a missionary from south China, will occupy the pulpit at Robertson Presbyterian church tomorrow morning, and the assistant pastor, G. B. McKean, at night. Mr. Broadfoot will address a meeting of Chinese in their own language in Westminster Presbyterian church at 4 p.m.

At McDonald Baptist church on Sunday morning the pastor will preach on "The Leadership of Christ." Dr. J. H. Farmer, dean of McMaster University, Toronto, who is delivering a course of lectures at the summer school, will preach at the evening service.

Prof. J. H. Farmer, dean of the Department of Theology in McMaster University, Toronto, will preach on Sunday morning at the First Baptist church. The pastor will preach at the Sunday evening service, continuing the series on "Practical Problems of Young People." Subject: "The Problem of Making a Home."

Asthma—Hay Fever

These annoying diseases are again prevalent at this season. Unfortunately sufferers can no longer use Warner's Safe Asthma Cure with splendid results. It is prepared and prescribed for all forms of Asthma, Hay Fever, Coughs, Colds, etc. It soothes and restores at the same time.

Mr. J. R. Rasmussen, a well-known writer, "I had Asthma very bad and had to sit up night after night. Could get no relief. I used Warner's Safe Asthma Cure. In five minutes I was breathing easy and went right to bed and slept. I would not be without it."

Get it today from your nearest druggist, or postpaid on receipt of price.

Warner's Safe Remedies Co., Dept. 654, Toronto, Ont.

AGENTS OF VILLA PURCHASING ARMS IN UNITED STATES

Authoritative Report at El Paso That Peace is Not So Near in Mexico.

DEMAND FOR SOLDIERS MAKES LABOR SCARCE

Hot Fight at Ozuima, 30 Miles Southeast of Capital—Zapata Defeated.

El Paso, Texas, July 25.—Contrary to Washington advice that administration was meeting with success in pacifying different factions among the constitutionalists, and that peace was near in Mexico, it was reported here on good authority yesterday that General Villa's agents were buying large quantities of arms at Chicago and St. Louis. Agents of the national constitutionalist government declared that none of the purchases had been made by General Carranza.

Coincident with this came further news that Villa was entreating himself in his Chihuahua stronghold. Arrivals from Santa Rosalia, Torreon, Chihuahua City and other points said those towns were placarded with appeals for enlistment in the army of the north. Two pesos a day was offered, making a scarcity of labor in mines and on ranches.

Mexico City, July 25.—After a severe fight which lasted for more than ten hours, the Zapata adherents who attacked the town of Ozuima, 30 miles southeast of the capital, have been badly routed by government troops. According to official reports nearly 500 of Zapata's men were killed or wounded in the engagement.

The war office reports that Pascual Orozco is almost surrounded by government troops at a point near the Michoacan border. His capture, it was said, was expected at any moment.

General Eugenio Perez, general treasurer of the republic during the administration of Huerta, cannot be agreed, as he is on board the British cruiser Bristol in Puerto Mexico harbor.

Ninety officers and 120 men, the only survivors of the former Guadalupe, arrived here Friday. They report that more than 500 were killed or wounded in the battles fought around Guadalupe.

LONDON TIMES HAS COMMENT ON POLICY OF STATES IN SOUTH

London, July 25.—A London Times editorial, discussing America's general position, particularly regarding the South American republics, thus concludes:

"The great republics of South America undeniably look upon some degree of intervention in the attitude of their northern neighbor, toward large international questions, with considerable uneasiness."

"We believe it is quite unjustified so far as present, but it exists, and may increase."

"It is America's manifest destiny to become one of the greatest world powers, and with all the benefits of that position, she must take up new burdens and one of them will be the burden of a highly developed foreign policy."

erected is that of St. Mary's, at the corner of Knox and W. 14th in the Highlands. It will be dedicated on Sunday evening at 8 o'clock, by Bishop H. A. Gray.

At Grace Methodist church tomorrow the pastor, Rev. Thos. Powell, will preach at both services. There will be a special service in the morning for the children, and the subject of the address will be "Trump." Miss Patterson will sing a solo. The evening subject will be "Our Debt." Short bright services during the hot weather.

At McDougall Methodist church on Sunday, the pastor, Rev. W. I. Armstrong, will occupy the pulpit at both services. He will speak in the morning on "Self Distrust," and in the evening on "Wanted, a Man." Both these subjects have been chosen with a view to local conditions. During the warm weather the services will be abbreviated as much as possible, so that none need remain away for fear of a prolonged service under uncomfortable conditions.

The legend of "Jonah" and the "Whale" will be the subject of the address at the First Unitarian church on Sunday morning. This is the fourth of a series of sermons on Famous Fables from Hebrew Folk Lore which the pastor, the Rev. C. P. Potter, is giving during July. In the evening at 8 o'clock he will speak on "What is Edmonton's Greatest Social Need?" This will be a sociological study of local conditions.

Beginning tomorrow, Rundle church, Riverdale, will hold only two services each Sunday. At 11 a.m. all the children, together with their parents, will gather in the church. The service will be led by the Rundle juvenile choir, under the guidance of Mrs. Frank Field. Miss Stuffy will sing a solo. Each Sunday the pastor will have a chat with the boys and girls, and instead of the usual sermon there will be a free discussion of the problems arising out of the study of the lesson. It is hoped by the pastor and executive that these services will more fully meet the needs of the community. During each evening service the pastor will spend five minutes with the children. On Sunday evening he will conclude the story of "Merlin, the old wizard."

CALL LOANS OF CANADIAN BANKS SHOW INCREASES

Current Figures, Outside Dominion, However, Decrease During Month of June.

DEMAND DEPOSITS GROW BY \$15,000,000

Savings, on the Contrary, Are Smaller, Probably Due to Holidays.

Ottawa, July 25.—The Canadian bank statement for the month of June just issued, is devoid of startling features. There is an increase of \$20,000,000 recorded in liabilities and assets compared with the preceding month which showed a heavy decrease as compared with the month of April.

Demanded deposits, representing business accumulations, show a substantial increase of \$15,000,000, after having remained fairly stationary on an average for the past few months. Notes or saving deposits, on the other hand, representing industrial thrift, show a slight decrease of several hundred thousands, after having registered continued increases ever since last October. The decrease is no doubt due to the drawing out of the savings for the holiday season.

Current loans in Canada remained stationary after a slight increase in May, while current loans outside show a decrease of \$5,000,000. Call loans in New York and elsewhere outside of the dominion show an increase of \$8,000,000. There is a decrease of \$500,000 in the central gold reserve and an increase of \$2,000,000 in circulation.

The comparative figures for June and May are as follows:

Circulation, June, \$92,138,029;	May, \$91,760,321.
Demand deposits, June, \$255,066,229;	May, \$248,748,485.
Notice deposits, June, \$663,652,230;	May, \$662,942,753.
Outside Canada, June, \$192,961,003;	May, \$95,492,129.
Call loans elsewhere, June, \$17,150,107;	May, \$12,957,328.
Gold reserve, June, \$2,050,000;	May, \$2,550,000.
Canadian call loans, June, \$47,401,444;	May, \$97,210,304.
Call loans elsewhere, June, \$17,150,107;	May, \$12,957,328.
Canadian current loans, June, \$833,134,550,000.	

BOY SCOUT SAVES FOUR PERSONS IN DOWNING PERIL

Souris, Man., July 25.—Jack Swoden a 16-year old boy scout, went in his canoe to the rescue of four people who were drowning at the bathing beach at the park landing on the Souris river, and succeeded in saving them all.

William J. Lorraine was assisting a young daughter of Donald McEachern to swim to a diving stand when they got into deep water and went down. A lady bather and a man, J. T. Parle, went to their assistance, but both were dragged down.

Young Swoden was on the opposite side of the river in his canoe. He hurried to the rescue and with the assistance of Parle, who was himself almost exhausted, all four were taken to safety.

Murfreesboro, Tenn., July 25.—Ex-Congressman James D. Richardson, avowed grand commander Scottish Rites Masons, southern jurisdiction, died yesterday afternoon at his home here.

276,428; May, \$828,462,646.

Current loans elsewhere, June, \$46,158,961; May, \$51,812,872.

Assets, June, \$1,727,137,596; May, \$1,645,590,000.

JUGES IN THE CAILLAUX CASE TO FIGHT DUEL

Quarrel Arises Out of an Incident Which Occurred in the Palace of Justice—Mme. Caillaux Collapses in Court and is Carried Out in an Inseparable Condition.

Paris, July 25.—A challenge to a duel was sent today by Judge Louis Albanel, presiding judge of the court trying Mme. Henriette Caillaux for the wilful murder of Gaston Challemette, to Judge Louis Dagory, one of the three other judges sitting on the bench with him. The quarrel between the two judges arose out of an incident which occurred at the palace of justice late last night, but the nature of which could not be ascertained.

The second appointed by Judge Albanel are General Jules Delsol, former military governor of Paris, and

Emile Bruneau. When the discussion concerning the reading of Mme. Gueydan's letters seemed to be going unfavorably for the defense during yesterday's hearing Judge Albanel announced that there would be a recess. The Pléau affairs today that the judge said "You disonor us all."

Madame Henriette Caillaux soon after she was brought into court today for the sixth day's session of her trial totally collapsed when the reading began of the letters handed in by Mme. Gueydan. She was carried insensible from the court.

BELIEVED KING'S INTERVENTION HAS HAD GOOD EFFECT

Riveted Public Attention on Seriousness of the Situation in Ireland.

AMENDING BILL COMES UP AGAIN ON TUESDAY

Warlike Preparations Nevertheless Continue; Provisional Government Acts

London, July 25.—King George's royal table conference has come to an end without a settlement of the Ulster problem. Nevertheless, it has not been a complete failure. It marks a new stage on the way to a settlement.

In both political camps yesterday there was more hopeful feeling than had prevailed for some time past. The king's action brought home to the public the real seriousness of the situation. Liberals, who most strongly denounced it at the outset, are now discovering that in the country generally the royal intervention, now that it is seen that it had ministerial sanction, is regarded as a move in the right direction and an effort to lift a national problem out of the quarrel of party politics. In some quarters the view is expressed that Mr. Asquith particularly welcomed the king's association with the idea of a conference as attracting public attention to a situation which politicians of themselves could not cope successfully.

Paves Way to Compromise.

Yesterday's announcement of the king's postponement of his journey to Portsmouth to review the fleet riveted attention on the Ulster question as an amount of speech-making in or out of parliament or writing in the newspapers could have done. The interest taken in the meetings at Buckingham Palace indicated that the dangers and difficulties of the situation had been brought home to the people. All this, according to the theory advanced by a leading unionist, paves the way to the compromise, dear to the English heart, and is in accordance with the king's policy.

THE MAGNETIC GIRL

How She Compels Others to Obey Her Will

... copies of Remarkable Book describing peculiar Psychic Powers to be distributed Post Free to readers of "The Edmonton Capital."

"The wonderful power of Personal Influence, Magnetism, Fascination, Mind Control, all that you wish to know can be taught by everyone no matter how unskilled or uneducated," says Mr. H. H. Knowles, author of the new book, "The Key to the Development of the Inner Forces." The book is a new and startling revelation of the power of the human mind, and is a complete guide to the development of the inner forces. It is a book that will open the eyes of the reader to the power of the human mind, and is a book that will open the eyes of the reader to the power of the human mind.

ance with English habits.

When the amending bill is brought into the house of commons next week, it will be found, it is predicted in this quarter, that the opportunity will be taken by the government to offer such terms as Sir Edward Carson will consider it advisable to accept. These terms may possibly be the exclusion of five out of six Ulster counties from the control of the Dublin government, by a ballot requiring a two-thirds majority to decide the fate of the sixth. The nationalists view with apprehension the developments in regard to the amending bill. At first they objected to its being proceeded with, but finally they consented, with reluctance.

Nationalist opinion. They would like to have the home rule bill put on the statute books just as it stands. Mr. Asquith used the public sentiment aroused throughout England by the king's action as a lever to try John Redmond into acceptance of the government's plan to proceed with the amending bill on Tuesday. It will be an equally forcible argument with the unionists when the debate opens and it is expected the government's expectation that Sir Edward Carson will be induced by Andrew Bonar Law and Lord Lansdowne to accept the offer of five counties rather than see the amending bill made waste paper and the home rule bill receive the royal signature as it stands.

This, it is useful to repeat, is the view taken by a leading unionist, who is convinced that Ulster will upset the provisional government if forced to that extreme measure.

That some compromise will be reached next week is also the opinion in some liberal quarters.

(W. A. P. Special Cable) Belfast, July 25.—In well informed unionist circles a dramatic step may shortly be expected. The Ulster volunteers have been warned to prepare for instant mobilization. The provisional government supply board has voted 50,000 tons of supplies to meet needs of Belfast district for six weeks. Armagh, Ireland, July 25.—The warning volunteers to be ready for instant mobilization is stated that of the 9,000 in Armagh county, very few are without equipment, which includes machine guns.

Ireland is Explosive

London, July 25.—That Ireland has become a powder magazine and the match may be lit at any time, is the comment made on the condition of things prevailing there as the result of the failure of the conference called by King George. "A single breach of the peace trivial in itself, may now lead to most disastrous consequences," says the Daily Telegraph's correspondent. "The leaders on both sides have successfully kept their men in check up to the present, but fears of disturbance are far more serious today than at any time since the introduction of the home rule bill. Over 100,000 men are in possession of arms, ready for any contingency."

The nationalists express open satisfaction at the outcome of the conference, says the Times correspondent, "and suspect that the opposition never intended to make any attempt for a compromise. Their expectation is that the government will pass the home rule bill and will put upon the unionist party the onus of accepting or rejecting the original offer of an amending bill plus the abolition of the time limit."

Election Inevitable

The unionists, on the other hand, believe that a general election is now inevitable. They refuse to think that the country will allow the government to involve it in the horrors of civil war. Everybody admits, however, that a situation of the gravest kind has been created by the failure of the conference. It will stimulate the activities of the national volunteers and it may precipitate a forward step in Ulster. Nobody here will be surprised if the provisional government now asserts in a manner which must bring matters to a head. The position in Ireland has become so critical that it must rapidly get either better or worse," adds the Times. "The present state of uncertainty and suspense is almost intolerable."

"A war office order published today in which reservists are forbidden to take any part in the volunteer movement has been greeted with contempt," continues the Times paper. "An officer of the Ulster volunteers of high standing told me that the order was a subject of laughter and ridicule and that a single man would pay the slightest attention to it."

CONSERVATIVE ONCE MORE IS DECLARED ELECTED IN LAMBTON

Toronto, July 25.—Chief Justice Sir William Meredith yesterday upheld the appeal of Dr. J. B. McMan against the decision of the county judge, who, in the East Lambton recount, rejected ballots on the ground that the counter-facts ought to have been detached. The result gives Dr. Martin a majority of four votes over the liberal candidate, R. J. McCormick.
